

Snare

1 8/4

2 8/4

The image shows a musical score for a snare drum in 8/4 time, divided into two measures. The first measure is labeled '1 8/4' and the second '2 8/4'. The notation consists of a sequence of notes represented by solid black circles and open circles. The notes are arranged in a pattern that suggests a specific rhythmic sequence. The first measure has 14 notes, and the second measure has 14 notes. The notes are separated by vertical lines, and there are some notes with stems and others without. The overall pattern is a sequence of notes that repeats every four notes, with some variations in the second measure.
